

Feb 27th, 2023 Meeting Minutes

We had 8 attendees; \$21 donations collected

- Concerns about the bus tearing up the grass on Sevenhills Dr. near shopping plaza. Metro not liable due to sovereign immunity. Township is responsible for fixing.
- South dead end section of Sprucehill is getting cleared out for an unknown project.
- Idea of getting SHAG membership up is to have an outdoor concert at Frost Park. Concerns for liability and permits. Charging \$5 to 10 was suggested but more of a get together for community seemed a better choice. Joe will check it out to see if possible and update in a couple of months.
- Scott from Township public works had someone from ODOT8 replace defective crosswalk request buttons. ODOT replaced all 4 with updated touch sensitive type.
- A concern about someone repairing cars on street near Sprucehill and Mistyhill.
- Trash, broken down vehicles, parking in grass still a problem. Report issues to Captain Stein is best way to address.
- Ideas to get more meeting attendance was discussed.
- Someone's been dumping trash in church lot. The township has been cleaning it up but is really the church responsibility. Suggested cameras to enforce.
- Suggest to have another meeting with Chris Gilbert at March meeting.
- The rock quarry on Hamilton Ave. raises lots of dust getting in the neighborhood.
- No update on Rally's on Hamilton Ave by Sunoco getting torn down.
- It was suggested to send letters out twice a year to remind people of home maintenance responsibilities and code violations.
- Speeding still a problem everywhere in the township with no solution. Township public meeting is March 14th at 5:30.
