

May 19th, 2025 Meeting Minutes

\$40 4x Flea Market spots

- We are in the process of setting up a flea market in collaboration with the church for July 26th. Details need to be finalized at the June SHAG meeting. We intend to sell slots, \$10 each to raise SHAG funds. Just show up before 10AM to set up your table. Also talked about setting up a grill to sell hot dogs and hamburgers along with bottled water and drinks. Suggested to have a SHAG dedicated area with a sign. Suggested to get the word out through social media and website with Spanish translation.
- Soccer goals are up with new netting. One goal already had netting stolen. New one on order. If they get stolen again then they will have to do without netting.
- Flower pots will be set out by township by end of MAY.
- Volley ball court will be set up after 3 good dry days after rain.
- Roads in the cue for repave include Sprucehill, Birchridge, Sevenhills, and Roosevelt. We will know by July if an off ramp for Meto bus will also be added on Roosevelt at the 17 end of line. A bus shelter may be added at a later time.
- Talked about ways to get the church involved with future street cleanup to get a better turn out.
- A large pickup load of trash was dumped 200' behind Little Caesars. Township came and cleaned up, but surveillance needs to be improved to catch the criminals doing this as it happens about 3 times per year.
- SW dead end of Aspenhill on undeveloped lot already has high volumes of trash piled up again, just 4 months after the cleanup. Also an abandoned vehicle parked on the street with no license. Code enforcement notified, but no action at this time. It was suggested to install a township garbage can at Maplehill and Aspenhill.
- It was suggested to add a streetlight on a pole at the north dead end of Maplehill. Township would need to approve the monthly fee charged by Duke.
- The Cut through between the Meadowood's apartments and Sprucehill is becoming another trash Hot spot.
- A Dollar General is being built just south of UDF on Hamilton Ave.
- The temporary construction storage in Forest Park, just north of Sevenhills Dr. should be gone by early summer.
- Talked about doing a community garden. If we plan now we might be able to do one next year.
- Talked about doing another backpack giveaway before the next school season in August.
